## Queen Victoria

Has been having her troubles with the Boers, while several nations are having trouble in China. Tom Sharkey had his trouble with our Gus Ruhlman recently, and the coming presidential election will make more or less trouble for both great parties.

The average man's greatest trouble is in the matter of dress. Where to get the best fit, the highest grade, the nobbiest style, and at a cheap price.

## BARBERTON

Wants a Town Hall.

Voters Will Pass Upon It Next Spring.

Structure to Include a Prison and Library.

Paid Five Dollars For a Bath In Lake Anna.

Tim Hoonan Has Returned to the Magic City.

(Special Correspondence.)

Barberton, July 6.—The rapid growth of this city warrants a city building, is the opinion of the leading business men.

That the jail is a disgrace to the town is a fact well known. A prison could be included in a city hall as well as room for a library, which is a thing of the near future. Another thing that is badly needed is a safe in which to place public papers.

It is hoped to bring the matter of building a city hall before the voters next spring. At the same time it is believed the village will be advanced to a city, providing the census returns show a population of 5,000.

The hot weather yesterday, and it might be added today, caused many people here to sweater and sweat. But Otis Neltz was not one of them. He simply secured relief by taking a bath in Lake Anna. This he did, however, in a way not prescribed by law, and was arrested. He had neglected to wear the necessary apparel, and was charged with exposure of person. In Mayor McNamara's court he pleaded guilty and was fined \$5 and costs.

Every day the bathing beach of Lake Anna is crowded. Young boys and men go swimming and furnish much fun for the onlookers.

Tim Hoonan, the pugilist, is home from a visit to various points in the east. He has returned to work at the Soda Ash plant. As yet he has not answered Art Simms' proposition to fight for the gate receipts, made him three weeks ago.

The Y. M. C. A. is arranging for a lecture course next winter. They will spend \$450 for the talent.

The second annual picnic of the Iron Moulders Union, No. 30, will be held Saturday, July 14, at Randolph park. Prizes amounting to \$200 will be given to the winners of the different sports. The Barberton and Cuyahoga Falls ball teams will play for a purse of \$50. Hundreds will attend from this place.

Mr. E. A. Worthen is in New York City on business.

B. B. Hard of Cleveland is the guest of Mr. Richberger and family.

Mr. and Mrs. J. Bert Jackson and Mr. and Mrs. O. D. Everhard returned last night from a few days visit in Detroit.

Harry Lowell charged with stealing \$8.50 from Ed Snyder was discharged by Mayor McNamara this morning.

The first car load of hogs was killed at Zimmerman Bros. packing house at Hake this week. Hereafter they will receive two car loads of hogs every week.

The Butcher's Association will give their first picnic at Randolph park July 25. They will have killing contests and other sports. The meat men from Cuyahoga Falls, Barberton, Canton and Cleveland will attend in bodies. Free lunch and refreshments will be served.

The indications are that their picnic will be as large as the grocers.

"Chinese refugees confirm the stories of foreigners being put to the torture in Pekin.

"The city is described as an inferno, and the streets are said to be running with blood."

### Alarming News.

Washington, July 6.—(Spl.)—The State department made public this morning a synopsis of the dispatch received from C. G. Goodnow at Shanghai, but withheld because the contents were considered too alarming and were more in line of opinions than of news. The dispatch is dated Shanghai, July 5, 1:40 p.m. Mr. Goodnow says that the situation is serious and that the insurrection movement is extending. If the allied forces in the north should meet with reverses the disturbances will certainly extend to central and south China, with the result of the expulsion and murder of foreigners in the interior and the ruin of trade. Strong force he says is necessary to check the viceroys in the north and to support the viceroys in the south. The consuls of all the powers in China have sent an identical dispatch to this effect to their respective governments.

was compelled to leave his post on account of the Boxer troubles, and for whose safety grave fears were felt for a time, called M. Delcasse, the minister of foreign affairs this morning that he had arrived at Hankow safely and that all the Europeans with him were in good health. There were great rejoicings here over this good news.

### In Despair.

London, July 6.—(Spl.)—England and Europe have given up hope for the foreigners in Pekin, and stand aglance at the intimations of British horrors that accompanied the massacre of the ministers and the hapless men, women and children, who took final refuge in the British legation.

### More Troops Going.

Washington, July 6.—(Spl.)—There has been no change in the China situation as far as the government officials here know. The War department is pushing plans for sending additional troops to Manila and each transport carrying troops will until further orders proceed direct to Nagasaki, Japan, where if necessary orders will be sent to them to continue to Tokyo.

### Milk Famine.

Akron is threatened with a milk famine. Dealers find it almost impossible to supply the demand. Short pastures are responsible.

Having bought the Badger, Van Ness & Co. store, we are closing it out in our room. We bought this stock at good reduction and as we want it to interfere as little as possible with our stock, we will for the next 30 days have some exceptional values in shirts, neckwear, underwear, hats, caps, bags and the many articles that went to make up this unusually fine stock.
